

## SGA Activities Calendar & Bulletin Board

Every month, get a copy of the school calendar for the month. Delete the miscellaneous information such as building use, staff only items (such as interims due), etc. Leave only the information that students want to know (field trips, fund raisers, after school activities, etc.) Print or write (on bright paper if possible) a wall sized calendar (at lease four pages).

Change the border around the calendar every month or so. Also include a large monthly title. A quote for the month may also add interest.

Post any useful information, flyers, poster contests, etc. Be sure to keep the bulletin board and calendar current. Never leave old stuff up as it will train people not to read it!

Hint - for your student government representatives/officers, add hidden clues and puzzles on the bulletin board so they continually check it (ie: the first 3 representatives from each grade level to see the advisor will receive a coupon for a free ice cream sandwich).
