

Green Goals!

- Theme: Electricity
 - Unplug chargers from walls during day
 - Energy baseball in your home
 - Encourage teachers to have class without lights one day

- Theme: Water Conservation
 - Take a few minutes off of your shower
 - Turn off water while brushing your teeth
 - Save the water that gets wasted while waiting for the shower to heat up and use it to water plants

- Theme: Pollution
 - Carpool to school with friends/neighbors
 - Convert to energy efficient light bulbs in your home
 - Run dishwashers and washing machines only when full

- Theme: Recycling
 - Create catchy posters to encourage recycling in your school
 - Create a recycled art project
 - Start recycling bottles, cans, cardboard and newspapers at your house daily.

- Theme: Waste
 - Pack a waste free lunch
 - Plan your meals to ensure that you are not buying food that will end up going to waste. Also use reusable grocery bag while shopping for your items
 - Donate unwanted clothing, furniture, and other household items to a second hand store instead of forcing them to end up in a landfill.

- Theme: Promotion
 - Put an announcement on the morning announcements that will promote green living to the students at your school
 - Teach an environmental workshop at your general assembly
 - Give your friends, family, and teachers tips on little things they can do to help the environment

- Theme: Clean Up
 - Get together with some friends to go clean up a park, stream, sports complex, anything!
 - Plant trees in area of your community that you think could use more green.
 - Promote the use of waste bins in your community where litter is evident.

- April 22 is Earth Day!
 - Plan an Earth Day celebration or get friends to attend a local event.

together with a group of

Remember, you CAN make a difference!
