Inside of them waiting to be

### \*\*\*\*\* IMMEDIATE ACTION \*\*\*\*\*

• **Action by Saturday, February 11 – MASC Award Applications:** *Each year, MASC recognizes our state's finest student councils, principals, and advisors from MASC member schools. Applications are due on or before Saturday, February 11, 2017 (the date of the MASC Legislative Session). Please note that the advisor and principal awards must be submitted through the region (each region is allowed one nomination), therefore, schools should be prepared to submit their advisor and principal award applications to the regional advisor/president in a timely manner to allow the region to make their selection and complete the required recommendations before the deadline. Individual schools submit the Felix Simon Award application directly to MASC. See the web site for an overview or the awards and background information.*

### \*\*\*\*\* ADVISORS ONLY \*\*\*\*\*

• **PLEASE!! Action by February 15:** *Back by popular demand is the advisor "30 in 30" session....30 ideas in 30 minutes from a panel of advisors! We are looking for six advisors (middle and high school) who would be willing to*

share five ideas (one idea per minute) including activities, technology tips, etc. It would be great to have advisors from rural and urban schools. Email or call Karen Crawford at [MrsKCrawford@gmail.com](mailto:MrsKCrawford@gmail.com) or 304-268-6862 if you are interested in being on the panel and sharing your experience!

• **PLEASE!! Action by February 15:** Another opportunity for veteran advisors and administrators to share their expertise. The first “Human Library” at the 2016 convention was a success, so we would like to bring it back. If you have areas of expertise that you would be willing to share one-on-one with others during a ten minute time block, please email or call Karen Crawford at [MrsKCrawford@gmail.com](mailto:MrsKCrawford@gmail.com) or 304-268-6862. We are our best resource and MASC is so appreciative of the knowledge and skills of our advisors and their willingness to share!

• **National Student Project Database—New Features:** In support of the NASSP Student Leadership Initiative on Global Citizenship, a new checkbox has been added to the “Project Information” section of the National Student Project Database. If your project reflects one of the five strands of global citizenship, check the box as you fill in your project submission. Users can search for projects tagged as global citizenship using the Advanced Search option. During the coming year, NASC members can look forward to more upgrades as we work to enhance your user experience with the project database.

\*\*\*\*\* **RESOURCES** \*\*\*\*\*

**NASSP Tips and Tools: Regaining Momentum:** After the flurry of projects and activities in a busy December followed by a well-deserved break, councils sometimes struggle to regain their momentum. Having a well-planned meeting where members review current goals and set two to three new short-term goals for the first 60 days of 2017 can help kick start student leaders and councils to be engaged and move forward. For goal setting, consider using the simple form that is part of the Distinguished Student Leader program.
