MASSP is a proud affiliate of the National Association of Secondary School Principals (**NASSP**), and we join with them to serve the professional development and advocacy needs of our members. Transformation and reform are imminent, and membership is one way for school administrators to keep pace with the shifting landscape. MASSP and NASSP partner at the state and national levels to ensure that members are provided with resources and tools to meet the ever-changing demands of the principalship and the Blueprint for Maryland's Future implementation.

Why become part of MASSP/NASSP? Membership provides the following:

- Monitoring and addressing legislation in both the federal and state legislatures
- Representing principals at all major stakeholder meetings regarding education policy, including all meetings of the Maryland State Board of Education
- Providing liability insurance and legal reimbursement: \$2,000,000.00 professional liability coverage per member and \$1000.00 legal reimbursement for each year of continuous membership with a cap of \$10,000.00
- Offering affordable high-quality virtual and in-person conferences, workshops and webinars on current topics, including the Annual Administrators' and Assistant Principals' Conferences
- Sponsoring Principal-of-the-Year and Assistant Principal-of-the-Year Awards
- Communicating regularly through newsletters and email alerts
- Providing resources for faculty advisors of Honor Societies and Student Governments and a list of NASSP-approved student programs, contests, and activities
- Networking opportunities through nation-wide communities of administrators

Coming Up! Registration is now open!
