2023 - Present

PERSONAL STATEMENT

MASC is a wonderful organization that I've been so blessed to be involved in at such a very young age. From serving middle schoolers as the 2nd Vice President to representing delegates all over the Baltimore Metropolitan Area and in Harford County to achieving greater heights serving and representing MASC on the National Association of Student Council. MASC built my passion for promoting student involvement and it cultivated in me a deep love for the student engagement and activism. This journey has driven me to tirelessly advocate for increased student engagement and enthusiasm for MASC, a cause that I hold in the highest regard, and my reason to run for MASC's next treasurer.

Earlier this year I had an amazing opportunity to collaborate and work with the marketing directors of the National Association of Student Council. I gained knowledge and important insight about effective marketing and fundraising strategies. This firsthand experience fueled my plans to apply this new knowledge to positively impact fundraising efforts for the Maryland Association of Student Councils. My vision is implementing reliable ideas like expanding our merch and accessories to not only elevate our advocacy but also generate sustainable funds for MASC. Also, In order to ensure the financial stability and enduring success of our council, I am committed to implementing strategies like fundraising opportunities, grant application and advocating to our current partners for possible collaborations. Alongside this I also want to make an effort in building transparency between MASC and it's executive board by hosting Financial Transparency Reports.

My campaign is dedicated to increasing student involvement and fostering love for MASC, inspired by the overwhelming support and spirit embedded within the student council community. I am committed to conveying the potential of money and marketing strategies to ensure the financial stability and long-term success of MASC. With my goals and vision I can see us "Expanding our impact, growing our audience" in MASC. Together, we can cultivate an environment of inclusivity, passion, and growth while ensuring MASC's prosperity for years to come.
