*Please take note of the special presentation for Advisors about the March 2025 Convention – it will be during lunch in the Media Center (Advisor Hospitality).*

**Workshop description:** As advisors, how can we nurture students' passion for leadership and help them create a sustainable Student Government Association/Student Council? In this interactive workshop, we will explore two themes most central to the work of new SGA Advisors: strategies for building and sustaining student engagement, and structures to organize an effective, student-led organization. Topics will be tailored towards new advisors with extension opportunities for seasoned veterans.

**Workshop Presenter:** Haley Tilt serves as a Youth Engagement Specialist for Baltimore City Schools and the Regional Advisor for the Associated Student Congress of Baltimore City (ASCBC). Within this role, she manages district initiatives to build student leadership and include students in decision making at the school and district levels. Prior to moving to Central Office, Tilt taught high school history, sociology, and Youth Participatory Action Research in Baltimore and worked as a Policy Fellow for the Councilmember Zeke Cohen, who chaired the Education and Youth Committee.
