

# Personal Statement

## 2026 - 2027 MASC TREASURER

Peace to me is not the lack of challenges but the powers to overcome the challenges. There are obstacles to leadership, to systems and to access, but my comfort is that I am ready to confront them with a sense of purpose and action. I am Jessica Ansa and I am seeking your position as your 2026–2027 MASC Treasurer.

I have realized that being a champion and a leader takes accountability, openness, and trust. It is these very values that cause me to be running as Treasurer. Resource management is not all about figures. It is the responsibility of serving the people whom you are serving and ensuring that all dollars are used toward a common cause.

During my experience working with student leadership, youth advocacy, and policy-oriented work, I have realized that organization, discipline, and ethical decision-making bring stability even in hard spaces. Together with my experience as a Treasurer, I will support our community through accurate reporting, transparent communication, and responsible review of financial and membership information, while using our resources to lift our community and empower them.

S.U.P.E.R. is my leadership approach.

Strategic stewardship is a process that guarantees that MASC funds are strategized, secured, and utilized tactfully and with a long-term effect.

Uncompromising integrity implies that all the financial decisions are based on honesty, transparency, and trust.

Public accountability, involved and assured of the effectiveness of the managed resources is due to public accountability.

Effective communication is the key to ensuring that all schools are aware of how finances are distributed and where assistance is needed.

Resource empowerment is centered on inclusive fundraising and increase in opportunities of every member schools.

My peace is based on service, responsibility and confidence that I am prepared to lead even in the presence of the barriers. I would be honored to be incorporated into MASC with integrity, purpose, and SUPER- powered leadership as your Treasurer.
